CTS 4110

Cassette toilet with a porcelain china bowl

The ceramic bowl of the CTS 4110 is a true innovation for recreational vehicles. It makes your sanitation system easy to clean and it's scratch resistant, which ensures an unsoiled appearance for many years. It is also much more hygienic than plastic toilets.

NEW Dometic CTS 4110 combines high function with quality materials and modern design.

FEATURES

■ Scratch resistant ceramic inlay

■ Powerful flushing with optimised vacuum breaker

■ Space saving, 90° adjustable seat

■ Control panel with level indicator

■ Locker door included in the set

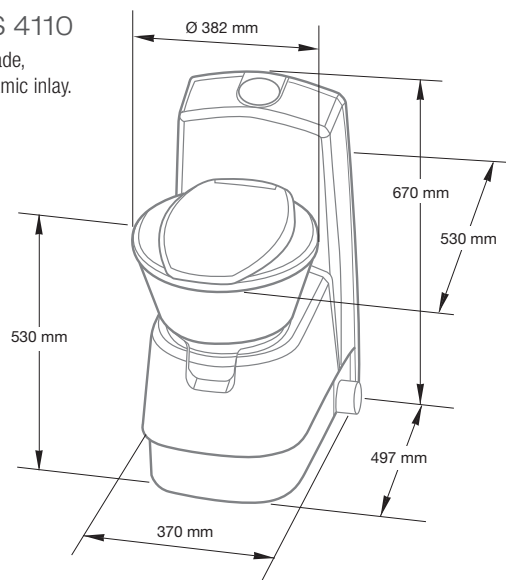

■ Caddy cassette

- Scratch resistant ceramic inlay – toilet bowl design with scratch resistant ceramic inlay, stain-repellent and easy to clean
- Innovative space saving seat - 80 mm less depth than comparable products with a swivel seat which enables installation in corners and fits into any bathroom layout
- Lid lock – lid and seat have been adapted so that the lid is able to stay open even at an angle of 70°
- Powerful flushing with optimised vacuum breaker and alterations to the flush ring
- Locker door included in the set – each CTS 4110 is supplied with the SK5 locker door which provides convenient access to the caddy tank
- Caddy cassette – 19 litre with telescopic handle and large, easy-running wheels for convenient transport to the disposal area. Pivoting spout facilitates tank discharge
- Touch control panel with level indicator. The indicator light warns you in good time before the cassette level reaches the maximum level
- Optimised design of cassette slide-in/base unit – all the corners that were difficult to reach have been rounded off to make cleaning easier
- Larger seal between ceramic and cassette which also seals effectively under difficult application conditions
- Vacuum breaker to prevent any backflow of water
